Trico LivingWell's Commitment and Plan to Ensure Your Safety & Wellbeing

The safety and wellbeing of our customers, staff, trades and community is our greatest priority, especially during this uncertain time.

Trico LivingWell adopts best practice safety protocols to prevent the spread of COVID-19 and remains focused on keeping people safe from the transmission of the COVID-19 virus. With the pandemic situation constantly evolving, we are adapting our visitor policy to comply with the most current directives issued by Alberta's Chief Medical Officer of Health, and Alberta's COVID-19 public health guidelines.

Prevention & Preparation

We recognize some of you may have reservations about visiting our leasing centre and show suites during this time. To ease your concerns, our team is observing best practices to prevent and mitigate the spread of COVID-19.

Trico LivingWell has implemented the following measures:

- Mandatory vaccination requirement and masking for all Trico LivingWell staff.
- Mandatory COVID-19 screening checklist for visitors to our leasing centre, show suites, and construction site.
- Mandatory visitor masking.
- All spaces, surfaces, personal protective equipment (PPE) are cleaned and after every appointment.
- Installation of a [Hydroxyl unit](#) to eliminate bacteria, viruses, and mould, which runs on a continual basis.

We will continue to monitor the situation and keep you informed on any new developments and updates to our policies related to COVID-19.
